

COPE FACILITY DOG APPLICATION FORM

COPE Service Dogs' approach to placing a Facility dog focuses on three major areas: the facility; the handler (the person(s) handling the dog at work) and primary caretaker (the person(s) who will be the dog's caregiver/look after and be responsible for the dog at home); and the dog's role in your facility.

A Facility Dog is a certified working dog that can provide support, therapy and/or education in the workplace and is paired with an employee or employees to help better serve your clients. The Facility Dog is allowed at the place of work as permitted by the employer, however, the handler of the dog does not have legal rights to access public places or use public facilities (such as public transportation) with the Facility Dog. The public access rules for pet dogs applies to the Facility Dog outside of the work place.

COPE Service Dogs serves within a 3-hour driving radius of Barrie, ON within the Canadian border. We prioritize in placing Facility dogs in the Simcoe County area and locations where we operate. There are often significant wait lists for Service and Facility dogs and occasionally we close our waiting list due to high volumes.

The questions outlined below will help us make an informed decision about your candidacy for a Facility Dog from COPE Service Dogs. Please provide detailed and concise answers in the order presented. For assistance, please contact info@copedogs.org or call 1-705-734-COPE (2673). Once completed, the application should be submitted to info@copedogs.org.

It is recommended that the proposed handler submit the application.

Today's Date: _____

ABOUT YOUR FACILITY

Contact Information:

Facility Name: _____

Facility Address: _____

Facility Phone Number: _____

Facility Website: _____

Executive Contact at the Facility:

Name: _____

Email: _____

Ext Number/Mobile Number: _____
